EVOKING THE SENSES

DECEMBER 12, 2020 – FEBRUARY 20, 2021
TRANSFORMER X THE LINE DC

TOUCH, TASTE, SIGHT, SMELL, AND SOUND - this winter Transformer will be *Evoking the Senses* in collaboration with more than 50 artists and special guests to recharge, reconnect, and re-energize people with their senses as we head into a new year.

Evoking the Senses will feature multiple layers of thoughtfully curated and artist-driven online projects and events centered around Transformer's ever-evolving **FlatFile** program. Designed to spark inspiration, imagination and hope, *Evoking the Senses* introduces and highlights a new roster of artists & artworks within the *FlatFile*, reflecting a diversity of backgrounds, aesthetics and creative practices.

A rotating display of artworks will be presented within Transformer's storefront, and a pop-up exhibition in the lobby of the LINE DC. All *FlatFile* artworks are available for viewing and purchase online at flatfile.transformerdc.org, and by appointment at Transformer's 1404 P Street, NW exhibition space.
